HAPPY FOURTH OF JULY

WELL WATER COMES TO PEACE LAKE

By: Jack Watson & Becky Conrad

At long last, the county signed the necessary permits and H2O Systems came to drill for the well at Peace Lake. This will enable us to get water over to the area at Peace Lake where we'd like to plant memorial trees, shrubs and begin the beautification process.

ALLIGATOR VISITS PEACE LAKE By: Jack Watson

A four to five foot alligator enjoyed swimming in Peace Lake for several days at the end of May just before we left the park. I posted a sign on the marquee so animal owners would be aware.

MORNING VISITOR AT THE FORD FARM IN NEW HAMPSHIRE

By: Doug & Gail Ford

Here is the beautiful Black Bear that visited us this morning and also a few weeks ago. Doug saw it as we were sitting at our dining room table eating breakfast. He quickly got up and grabbed our camera. I stood in the window just inside the birdfeeder, probably 4 feet from his face. Once he saw me he walked/sauntered toward the front of the house. As you see Doug was able to get a few great photos.

A BLOW THROUGH AT FOREST PARK

By: Becky Conrad

On Thursday afternoon, June 6th we had a small blow thru Forest Park. To a person from the Midwest 60 MPH winds is common for a blow thru. But to those of you up North who did not listen to us when we asked you to move outside objects inside - good luck finding them. Garbage cans, potted plants, most anything loose came off yesterday and went down the back yards somewhere else. They will remain loose and with some Hurricane winds coming that may send them projectiling into someone's window. Some of you will never learn but those of us still in the park are picking up what we can. Please have your palm trees trimmed with the hurricane cut. Many fronds came down with this little storm.

WIFI SYSTEM

By: Doug Ford

While monitoring the FPPOA wifi system I have noticed VERY high traffic volume this month. This volume during the summer month exceeded the high for the winter month. This is probably caused by down loading movies and viewing the WEB cam. This also can happen when people watch security cameras remotely for an extended period of time. I don't have the tools to remotely analyze which is causing this overload. The FPPOA wifi system wasn't designed for this extra activity. In all fairness to the other users please don't do this.

We had several outages caused by our provider (Fair Point) which Jim Schleter handled. Have a good summer.

BINGO

By: Anne Domingos

Please joins us on Tuesdays at 6:45pm for 7:00pm Bingo in the clubhouse each week. Cards are \$.50 with a minimum purchase of four cards. Night Owl cards are \$.25.

BID EUCHRE

By: Madaline Preston

We have Bid Euchre every Wednesday & Saturday at 6:30pm in the Clubhouse unless there is another activity going on in there. We then play in the Activity Building. We have several new players and would like to have many more join in on the fun.

PINE TREE KNOTS QUILT CLUB

By: Kay Westall

We continue to meet each Thursday morning from 9:00am to 11:00am each week. We call ourselves the leftovers till the snowbirds come back for the fall and winter season. Come down and meet us and see all the fun we have while quilting. We're going to hold another Chinese Auction in March, 2014. This will be combined with the Art Show and the Knit & Crochet Club. Watch for more information to come in the fall newsletters.

COMPUTER CLUB

By: Sherrill Wright

Recycle: Don't throw away your used ink cartridges!

I can take them to Office Max and get a credit for them, which are then donated back to the Computer Club. There is a collection container on the Activity room counter.

The Computer Club is a group of friendly people who meet every Thursday, 2 - 4 PM during the fall and winter months to help each other with computer issues. If you have a problem related to computers, or a skill you think might benefit others, YOU ARE WHO WE NEED IN OUR CLUB! Please come and join the group. Membership costs \$10/household per winter season. We take a break and have coffee and cookies around 3 PM to socialize. Most members use Windows, but some use Macs or Linux and most software programs are compatible with each system. Each week, we usually have a person show something they are experienced in, or we focus on a particular problem. In many cases, the club can help fix the problem. If not, we can usually define the situation, to assist if professional help is needed.

If you have a particular interest, a new piece of equipment like an iPad or similar tablet or I-Phone that you would like to show and demonstrate, please join us. This also includes your friends and family who might be visiting. Also, if you have a particular need, or problem that you would like help with, please come along and join us, but let us know in advance so we can schedule it on that week's meeting. FRAUD ALERT

By: Lou Smith

FRAUDULENT FBI RANSOMWARE
AFFECTING ONLINE RESIDENTS

FRAUD ALERT

**FROM THE OFFICE OF LEE COUNTY SHERIFF
MIKE SCOTT**

Over the last several days, the Lee County Sheriff's Office Fraud Line has seen an increase in complaints from residents who have received a pop-up on their computer claiming to be from the Federal Bureau of Investigation (FBI). The aggressively designed "alert" displays a bogus notification that states the computer has been blocked due to the viewing or distribution of child pornography, illegally distributing or using copyrighted material, or spreading malware to other computers.

The fraudulent virus immediately locks the user out of their computer, then displays a locked screen demanding the user pay a fine of several hundred dollars using prepaid money card services or wire transfers. It appears the geographic location of the user's IP address determines what payment services are offered. Finally, the message claims that once the fine is paid, the computer will be released back into the hands of the

user. This extortion technique is being used by cyber criminals to frighten victims into sending money, and to gain access to personal information since the malware can continue to operate on the compromised computer, giving the scammer the ability to commit online banking and credit card fraud.

If you have received this or something similar do not follow payment instructions. If your computer is infected with this malware, you should immediately contact a reputable computer expert for assistance. Unfortunately, repairing your computer is likely to cost you both time and money. Reports can be made to the Sheriff's Office Fraud line at 477-1242, or an online complaint can be filed at www.ic3.gov.

GOLF COMMITTEE

By: Becky Conrad for Jack Dilts

The golf Committee (Dilts, Justice, Hosey, Wash) has been hard at work preparing for the new Putt Putt Course. You will find in this newsletter the pictures of a close possibility of what the first 3 holes may look like. When it is built - a square corner may be round or round to square. Those details will be determined at the time of building the framework.

Next month we hope to have at least 3 more holes to present to you for observation. Then by August all nine holes along with the putting green.

September you will receive the ballot to vote for its location to be counted at the October general membership meeting. The summer is hot and humid in Forest Park and very delightful.

SOMETHING WE ALL NEED TO DO IS SMILE AND KNOW THIS

By Becky Conrad

Most people don't know that back in 1912, Hellmann's mayonnaise was manufactured in England. In fact, the Titanic was carrying 12,000 jars of the condiment scheduled for delivery in Vera Cruz, Mexico, which was to be the next port of call for the great ship after its stop in New York. This would have been the largest single shipment of mayonnaise ever delivered to Mexico. But as we know, the great ship did not make it to New York. The ship hit an iceberg and sank. The people of Mexico, who were crazy about mayonnaise, and were eagerly awaiting its delivery, were disconsolate at the loss. Their anguish was so great, that they declared a National Day of Mourning. The National Day of Mourning occurs each year on May 5th and is known, of course, as – Sinko De Mayo.

WHAT???

You expected something educational from me?

You need a shot of Tequila.

ALUMINUM CAN RE-CYCLE

By: Mary Beth Schleter

Please remember to put your washed out and dried out aluminum cans in a bag and place UNDER YOUR MAILBOX Monday evening for early Tuesday morning pick up. Make sure cans are rinsed and clean and DRY. Please place away from trash cans/bags. DO NOT place plastic, glass or metal cans in the bag. Those go in the blue tote bins. Money collected for can recycle helps pay some of the costs of Social Club activities. So, it benefits all residents of Forest Park.

GREEN TREE STICKER

There is a little green tree sticker available in the office that goes on the back window of your car. All residents with automobiles should have this highly visible authorization to be in the Park. This will help the safety patrol on their nightly rounds. If you are a temporary resident and don't want any stickers on your window, then scotch tape it there while you are here.

NOMINATING COMMITTEE
NEEDS A CHAIRMAN**

By Bob Lang

We were sorry to hear that Bob Howe recently had to resign his position as chairman of the Nominating committee. We understand the personal challenges that he & Margaret will continue to face to demand their utmost attention. Thank you, Bob & your committee for everything that you have done for Forest Park. We wish you & Margaret the very best.

I am currently looking for someone to fill Bob's shoes. Likewise, I am firmly confident that those members who have served on this committee will eagerly volunteer to continue their service through the fall of 2013 until the newly elected administration takes office in January 2014.

If you, or someone that you know, would like to serve in this position, please let me know. I will be happy to endorse your offer to volunteer for appointment by our President in the fall.

Please note that it is preferred to have this committee coordinated by membership and not under the direct administration of the Board.
