FOREST PARK SOCIAL CLUB

By: Delores Holmes

It's March which of course means it's time for St. Patrick's Day!

We all know that St. Patrick is the patron saint of Ireland and all things Irish. But he was in fact not born there. Historians believe he was actually born in Scotland or maybe England. He is credited with bringing the Christian gospels to the then warlord and druid who ruled island of Ireland. All of the historical accounts of St. Patrick that I have read, speak of a man who was spoken to, who had a deep calling within to bring the "good news" to the people of Ireland. Which is interesting considering he had been a slave in Ireland, Yet after returning home to England, he felt "called" to return and felt called by God to minister to the Irish people. Which begs the question ... what was it about those ancient Irish people that drew St. Patrick, and ultimately, the very Hand of God, to their Emerald Island? I believe it is the intangible, indefinable quality of the Irish spirit. May you experience that spirit this St. Patrick's Day.

Being Irish isn't something you do, it's something you are. Being Irish means that your heart swells like a sheet on a clothesline. At the sound of your ancestral brogue, that the thought of your Dad and sainted mother... Makes you weep a bit even now. That the devil himself, try as he does, will never dim your devotion to the Trinity. If you're truly Irish ... you are possessed of a joy of spirit and a depth of soul. You carry a smile for a stranger and coins aplenty for the poor... There's a feistyness about you as well, but only in protecting all that you hold dear; Faith, Family, Friends, Land..your Heritage.

SOCIAL CLUB & FPPOA

By Delores Holmes

The Social Club and the FPPOA are reviewing ways to reduce our trash and reduce the items going into landfills, especially the foam and plastic items. To that end, we are encouraging everyone to bring their own reusable plates, utensils, glasses and cups when attending a function that will be providing food and or drink.

At a recent Northeast Club meeting there were over 100 people there. In the past history of Forest Park Clubs, there were various clubs that residents could participate in their own state. These were clubs in our park - Michigan, Canadian, 3 I which is Indiana, Iowa and Illinois and Ohio.

Gathering information for the new program -Gathering of States Social Hour which is held the 4th Friday from 3 – 4 PM in the pavilion, we counted the number of people from each state. Michigan has 42, Canadians has 21,

3- I Club: 47 residents from Indiana, 1resident from Iowa and 20 residents from Illinois and there is 58 residents from Ohio.

It would be advantageous to have people support their state with a new state's club. You could do similar activities just like the Northeast Club. With your own state residents, you could do various activities together.

Social Club would support whomever would like to start their own state club. If you are interested in starting your own state club, please contact Mary at the office for information or Delores Holmes.

HELPFUL HINTS.....

Our volunteers work hard to make the Events enjoyable. They could use your help to keep lines moving by bringing small bills (\$5 or \$10) to pay for functions. Thank you for helping.

Not All Roofers Are Created Equal!

When choosing a business to do work on your home it is important to consider all the factors. Sometimes the cheapest option is not the best. Keep these tips in mind the next time you choose a service provider, especially a roofer.

How Many Years in Business?

This demonstrates expertise in the field. If a warranty is involved it shows the company's ability to stand behind it. If a company has been around for a long time, it is probably for a good reason.

Who Is Doing the Actual Work?

Does the company use subcontractors or their own employees? Employees tend to be more reliable because the business owner holds them accountable day-to-day versus subcontractors who can come and go.

Consider More Than The Price!

A roof is a durable product meant to last for years. When it comes to durable goods for your home like roofs, air conditioners, windows, etc. who installs them can be an important factor. Remember the old adage "Good work isn't cheap...Cheap work isn't good..."

"A great song is one that takes you somewhere beyond yourself and has the ability to pull deep emotion out of you in a way nothing else can". CRUISE to the SOUTHERN CARIBBEAN in 2018???

By Phil Power

Melamar Travel will be coming to the clubhouse Wednesday, March 10 at 1:00. Marion Lobbett will be presenting her cruises for February and March of 2018. Some ideas are an 8 day cruise to SOUTHERN CARIBBEAN, a 10 day cruise to the FRENCH CARIBBEAN ISLANDS, and new cruises to CUBA. This is your opportunity to go on a cruise without the worry of driving anywhere. The bus picks us up at the clubhouse and takes us to the ship.

CRUISE INFORMATION for 2018 CRUISES will be held MARCH 10th @ 1 o'clock in the clubhouse.

Please do not prop open any of our doors in the Clubhouse or Activities Buildings, including the kitchen door. A small black garden snake was discovered in the kitchen cabinets, and may have slipped in when the kitchen door was propped open.

There are 2 types of main entry doors for our buildings, "Manual" and "Handicapped." The handicapped doors should only be operated using the automatic pad, and not manually forced open. The doors operate on magnetic locks and timers which can malfunction if improperly forced open or propped open. Your cooperation is appreciated.

FOREST PARK WEB SITE:

By Jan Harmon

If you have access to a computer, a tablet, or a smart phone, visit www.forestparkonline.com where you can access much information available on the Forest Park Web site.

On the pages you can find information on various activities, a photo gallery, membership meeting documents, newsletters, the event calendar, and information on all aspects of living in Forest Park.

A web camera on the home page is a good place to see the weather if you are away from the park. It operates 24 hours a day.

We have a page listing homes for sale or for rent and a page for those wishing to rent.

Search engines, such as Google, have directed people looking for a park in which to purchase or rent retirement homes to our pages. We have had good responses to the information offered on the site attracting future residents.

If you know someone looking for a place to spend the winter, direct them to our site where much of the information they seek can be found. If you have questions or comments, regarding the web pages, they can be directed to me as webmaster@forestparkonline.com

They will not be delivered to your home during the summer months, so don't forget to stop and pick up your copy. If you have any special events or places you are visiting this summer or if something exciting happens wherever your travels take you, please share your story and pictures with your Forest Park friends by sending them to fpsocialnews@gmail.com. View the calendar anytime and see the most current information at the following website: www.forestparkonline.com this also allows you to view it in various formats i.e., weekly, monthly, etc. Please contact Gail for calendar changes at: gailford39@gmail.com or call her 603-440-5122.

NO SOLICITING

Forest Park has a clear non-solicitation policy posted at the front of the community. However, there are several companies that persist in soliciting our residents. Unfortunately, there have been situations where residents have been taken advantage of by solicitors.

The most frequent violators include companies which sell water/water purification systems, tree trimming services, telephone/cable/internet services, and air conditioning companies. These companies may offer free services, such as water quality testing, A/C check, etc. Another tactic they employ is implying that they provided a service in the past to you or to your neighbors, or that they are conducting a survey.

Residents are encouraged to never open the door if you do not recognize the individual. Tell the individual through the window that they are trespassing and must leave immediately. If they do not leave, please call the Lee County Sheriff (non-emergency number) at 239-477-1000. The Sheriff will come out and escort them off of the property.

WI FI UPDATE

By: Doug Ford

When Park residents take advantage of the new technology built into “Smart” TVs, or with added devices like Roku, Comcast, Amazon Fire etc., that turn a regular TV into a “Smart” TV, and connect to the Park’s Wi-Fi, there is adverse impact on our band width. In many cases, settings can be changed to lower the impact on our Wi-Fi system. For instance downloads could be scheduled at night and at a lower definition. Please read the manuals that come with these devices. We are seeing that some individuals are each using 15 to 20% of the Park’s band width. **See Example below for latest usage.**

Use Caution in Hiring Contractors!

When you need to hire a contractor for work on your home (roofing, home repairs, lawn maintenance, etc.), ask the contractor to provide copies of their business license and insurance. This protects you in the event that the contractor is injured on your property. Also ask the contractor to provide references. Get cost estimates and warranties in writing, and do not make final payment until the work is complete. There is a Resource Book in the back of the Clubhouse which contains listings for many different types of contractors. You may also check Angie’s List, the Better Business Bureau and other online rating sources. A simple Google search on the business name may provide additional information. Please ask any outside contractor to stop by the office to register and provide copies of their license and insurance. Better safe than sorry! For more information on Florida consumer complaints, visit:

<http://www.stateofflorida.com/Portal/DesktopDefault.aspx?tabid=57>

Friends show their love in times of trouble, not in happiness.

RESOURCE BOOK

In the clubhouse there is a Resource Book which has been put together by members of Forest Park.

These are referrals or warning of how outside vendors have performed in the Park. Before you hire someone, please check the book to see if someone in the Park has used that particular company or person. If you would like to add a name or business, you may do so.

FROM THE PRESIDENT

By Lou Smith

To all residents, especially FPPOA members.

By the time you read this column in the Feb newsletter, the election for the Board of Directors will have taken place. Bob Carson and Roger Wagner were the only members to run for office. Both men decided to run for the position they already hold.

I am disappointed that no new members or long time members ran for office. (See our By-Law article V1A)

To keep the park operating, a full Board of Directors is needed. If this trend continues, the members might have to consider the hiring of a manager. Our fees would not be sufficient to pay for a manager. A special assessment of no less than \$1,000.00 per household would be needed. I hope this last sentence is a wake-up call to all FPPOA members; this assessment would also have to be paid by non FPPOA members. Please step up to prevent this from happening.

NEIGHBORHOOD WATCH

By Lou Smith

Our final Neighborhood Watch meeting for the season will be Wednesday, March 8 at 10:00 am in the Activities Building. A Lee County Sheriff deputy will be at our Neighborhood Watch meeting to speak to us and answer any questions you may have.

Bring your coffee cup; we will be having coffee and donuts.

A reminder to all residents; if you see any suspicious activity in the park, please contact the Lee County Sheriff. 239-477-1000.

Winter Night Security persons;

By: Mike Flanning

A HUGE THANK YOU!! to all the Winter volunteers for their support. Your donated time is appreciated, and this program helps keep our Park & Residents safer.

There is always a need for volunteers, for Winter months as well as the Summer.

Summer Volunteers resume their patrolling in May, anyone interested in giving one night a month to patrol can contact Mike at 239-565-0431 or Kathy at 715-617-0154

Thank You to EVERYONE that volunteers.

FOREST PARK VISITORS WRISTBANDS

Visitors unaccompanied by Forest Park residents must wear wristbands when using park recreational facilities (pool, mini-golf, etc.). The wristbands are now available in the park office (2 per family and additional bands may be requested). The bands stretch but if they are not large enough you may pin them to clothing, attach them to a key chain or just bring them along.

Please remember that all owners are responsible for their visitors who must comply with all Forest Park Rules & Regulations. Thank you for your anticipated cooperation to assist in maintaining the security of our park.

- Horticulture bags must be tied or they will not be picked up.
- Loose horticulture clippings must be 4 feet or less, tied & bundled & not more than 30 lbs.
- Cardboard should go out on Wednesdays with recyclables.
- Any outside contractor doing work at your home - tree trimming, lawn maintenance, home remodeling/repairs **MUST** haul off their own trimming and refuse. It will not be picked up by our maintenance crew.

The full list of rules is available on our website at www.forestparkonline.com, or you may contact the office if you have any questions.

Trash, Horticulture & Waste Disposal Reminder....

Just a refresher on our Rules & Regulations for trash, horticulture and waste disposal...

- Trash bags which weigh more than 30 lbs. will not be picked up.
- Trash bags must be tied or they will not be picked up.

Reminder - Please Be Conscientious & Conserve Energy

Please remember to turn up the air conditioner thermostats to 78 when you leave the Clubhouse & Activities buildings (just like you would do at your home). The air conditioners have been left running overnight on several occasions. This places an undue strain on them especially during summer months, and increases our electrical bill. *Please be considerate.*

Most of the water exercises are the same as the Tuesday & Saturday exercises, except they are done in the pool. This means less stress on the joints plus we get those healthy rays of sunshine at the same time. We have a great time exercising and catching up on the latest in Forest Park. Classes run from 10:30 to 11:30 A.M. Monday-Friday at the pool and start in the fall through spring. Exercises are also subject to weather cooperating

HORSESHOE PIT IS READY...

Our new horseshoe pit is ready for play! Come on out and enjoy the lovely weather and toss some horseshoes! You can play competitively or just for fun! The equipment is located in the Bocce shed.

Thanks so much to Richard, Ray, Rock and "crew" for their hard work to construct a professional "regulation" horseshoe pit. They did a super job and put in a lot of time. Forest Park residents & guests will enjoy this amenity for years to come!

BLUE BARREL RECYCLE

The blue barrel is used for all *other types* of re-cycling such as paper, metal, plastic, etc. This is a separate Program from our regular trash that is picked up on Tuesdays and Fridays. The re-cycle truck comes on Wednesdays.

HAZARDOUS WASTE

Lee County has very strict regulations regarding hazardous material disposal. The Board voted to approve the initiative to have all residents place paint, pesticides, chemicals, florescent bulbs and gas bottles at curbside.

Park employees will pick up these materials on Tuesday and Friday and log them in. These articles will be stored and disposed of in the appropriate manner by staff members.

The rules and regulations have been changed to reflect the process.

GREEN TREE STICKER

There is a little green tree sticker available in the office that goes on the LEFT SIDE OF YOUR BACK WINDOW of your car. All residents with automobiles should have this highly visible authorization to be in the Park. This will help the safety patrol on their nightly rounds. If you are temporary resident and don't want any stickers on your window, them scotch tape it there while you are here.

BINGO

By: Anne Domingos

The Month of January was a great surprise for one lady who plays Bingo. The Money Ball at BINGO was won by Anne Heider. She won \$75.05 which was in the money ball and \$14.00 for winning the regular Bingo game. So she won a total of \$89.05.

What is the money ball pot?

When you play Bingo, you put a quarter into the money pot. At the beginning of BINGO, a special number is called. If you win, when the money ball number is called; then you win the Money that is in the pot, plus the Money for winning the game that you just played. Double your money. Come try your luck, you might win!!

Please joins us on Tuesdays at 6:45 for 7:00 pm Bingo in the Clubhouse each week. Cards are \$.50 with a minimum purchase of four cards. Night Owl cards are 25 cents. All three Bingo's go all year round. Check your calendar in the newsletter each month. There is a new addition to our BINGO games. You put a quarter into a "money ball pot." The first number called is the "special number" so that if you bingo on that number, you will win the money that has been collected in the money ball pot plus the money that is allotted for the game that you won. If the money ball pot was not won, the amount is saved from week to week until someone is the winner. Come and Enjoy Playing Bingo!

We are in "NEED" of Bingo callers, women and men are all welcome. One the job training!! Come join in the fun. It takes volunteers to keep these activities going in our Park.

Thank you.

COMPUTER CLUB

By: Sherrill Wright

Recycle: Don't throw away your used ink cartridges!

I take them to Office Max and get a credit for them, which is then donated back to the Computer Club. There is a collection container on the Activity room counter. If we have fulfilled our quota, they are donated to a local school for them to do the same.

The Computer Club can no longer accept old computers, printers or other old equipment. If you have any items you wish to recycle, please check with us before leaving them in the activities building. Some items we may be able to recycle on Freecycle.org. or you can check with Hope Hospice, Goodwill etc. If they won't accept them, they can be put out with your garbage and will be recycled through our electronic recycler. Make sure you wipe your hard drive on any computer.

Thanks for your cooperation on this, Sherrill

The Computer Club is a group of friendly people who meet every Thursday, 2:00-4:00 PM to help each other with computer issues. If you have a problem related to computers, or a skill you think might benefit others, **YOU ARE WHO WE NEED IN OUR CLUB!** Please come and join the group. A donation of \$10/household per winter season would be appreciated to help with meeting expenses, new equipment etc. We take a break and have coffee and cookies around 3:00 PM to socialize. Most members use Windows, but some use Linux or Macs and most software programs are compatible with each system. Each week, we usually have a person show something they are experienced in, or something

interesting we have seen maybe online or in an article. If anyone is having a problem, we ask them to bring their unit to the club meeting, then we will focus on that particular problem. In many cases, the club can help fix the problem. If not, we can usually define the situation in cases where professional help is needed. If you have a particular interest, a new piece of equipment like an iPad or similar tablet or iPhone that you would like to show and demonstrate, please join us. This also includes your friends and family who might be visiting. If you have a particular need, or problem that you would like help with, please come along and join us, but try and let us know in advance so we can schedule it for that week's meeting. We need people who are familiar with Tablets and Cell Phones who would volunteer to do some instructing or help others during our sessions. We have cables for iPads that will allow them to be connected to our projector.

CRAFT CLUB

By Diana Power

February turned out to be a fun and very busy month for Craft ladies. We worked finishing projects that will be sold at our Craft Fair on March 4. The Craft ladies also make Valor bears (see picture below). They are made of camouflage fabric and are donated to Hope Hospice. Hope Hospice presents the Valor Bears to Veterans who are in the hospital or in a Hospice facility. The Veterans are given; along with the bear, an American flag, flag lapel pin, and a quilt. When the bears are given to the Veterans they are called “Buddy Bears”, for when they were in the service, they always had a buddy to share things with and to watch their back. Last year Hope Hospice gave out 300 Valor bears. 62 of them came from the Craft ladies, and we donated 42 more this year.

On February 7, we hoped you enjoyed our lasagna and hot dog dinner. Several dinners were also given to our shut-ins in our park. The next day we enjoyed a JC Luncheon River Cruise (see picture below). 30 of us were able to see dolphins, play cards, dance, and listen to a great singer. On the 22nd, Carla, instructed us in painting a beach sunset. Mimosas helped everyone relax and paint for fun.

March 1st, a lady from the Veteran's hospital will visit to explain how the bears we make really do help.

March 4th is the CRAFT FAIR and TRASH to TREASURE SALE. Come and see all the beautiful

items made by the talented people in Forest Park. 8:00 am come and have coffee and a doughnut and then do some shopping. There will also be bake goods, auction with an Italian, bath, tea, and margarita baskets. A lunch will consist of a BBQ, hot dog, chips and drinks. The CRAFT FAIR and TRASH to TREASURE SALE is from 8:00am-1:00pm on March 4th. A BIG thanks to all of you who donated all of the great items for our sale.

MARCH 7 Craft club has our last dinner. Along with the hot dogs, baked beans, and potato salad, we will be serving Doris Pecos famous Chicken and Biscuit dinner. All are welcome anytime between 4:00 and 5:30. Please remember your plates, silverware, and cups.

We continue through March staying busy, meeting new people and making great friendships. Remember Craft club meets every Wednesday 9:00 am-11:00 am. See you there.

DUPLICATE BRIDGE

Forest Park has had chairpersons of Duplicate Bridge leave their position. There will be no more of this card game played in our park. Do you like to play Duplicate Bridge? If you would be interested in starting the game again, please contact Mary at the Office. She has the materials that is used for Duplicate Bridge.

FOREST PARK BOOK CLUB

By Gail Ford

The Book Club is going to miss the leadership of Joan King. She and Alan are moving back home. Gail Ford has volunteered to “lead” the club. I will welcome any ideas for a book each month. I have chosen “The Nightingale” by Kristin Hannah for March. Our next meeting will be March 24th at 1:00 PM in the Activities building. I will try to order some copies for you.

Thank you Joan for many years of leadership.

My philosophy is that every phone conversation has a loser.

If so- come on down to the clubhouse and do some entertaining. Karaoke is the 1st and 3rd Monday of the month from 6:00-9:00 pm.

Come on down and show us your talent or just sit back and enjoy the talent.

Hope to see you there.

HAND AND FOOT CARD GAME

LADIES BIBLE STUDY

By: Laura Esters

The Ladies’ Bible Study Group meets weekly on Thursday mornings from 10:00 A.M. to noon. Our members are women from various churches and/or denominations. We have refreshments, a time for sharing our concerns, prayer and a study, which is taught from both the Old and New Testaments by Laura Esters.

As so many new folks have moved into our park, we believe it is important to let our residents know about this activity as well as all the other organizations that the park offers. We do not espouse any specific theology, but are a group of Christian women who enjoy making friends, encouraging and supporting each other as the needs arise, and learning about the Bible.

During the months of November to April we meet at the home of Reva Doliana, 849 Hollyberry Court. From May to October, Waneta Schafer opens up her house to us at 344 Shrub Lane S. Just come to the door, and walk in--we’ll be glad to welcome you! If you have any questions, please call Reva at 812-322-3986, Waneta 239-219-7593 or Laura at 239-210-8010.

FOREST PARK HAS A GREAT LIBRARY

There's a little oasis of knowledge and information right here in the Forest Park activities building. No need to hop into your car and drive. We have current hardcover and paperback books, reference materials, videos, talking books large print, magazines and even puzzles. You can look up health related issues, financial questions, recipes and advice on retirement. Your favorite authors are in abundance- James Patterson, Clive Cussler, Janet Evanovich, Danielle Steele, John Grisham, Nora Roberts and a juicy collection of romances. At the FP Library, you don't need a library card- just step inside, choose your media and take it home- for as long as you like, return it when you're done. Your library runs on donations. We always need CURRENT popular books, magazines and videos. Consider donating books published in 2010 or newer to our library. We do not accept older books due to space limitations and because we wish to be current and fresh in our offerings so please, take older books to the North Fort Myers Friends of the Library. We also need library style metal bookends and book display easels. Why read? "The benefits of all this mental activity include keeping your memory sharp, you're learning capacity nimble, and your mind basically harder as you age... just processing the words boosts the brain"

MEXICAN TRAIN DOMINOES

By Sheila Fitzgerald

We play Mexican train dominoes on Monday morning at 9:00 at the club house. Everyone is welcome to join in. It's an easy game to learn if you have never played and we have a lot of laughs as we play. We would love to have some new members join us.

Also, I have had a request from two people recently to look into starting a second group that would play at 10:00 rather than 9:00, so they can get their morning exercise or swim in before the game. We would certainly consider this if there is enough interest.

We're a very informal group, with no permanent commitment required. Just come by on any Monday morning and give it a try.

GEORGE

"So how's everything going?" the doctor ask George. "Great," says George. "I've found religion. God knows I have poor eyesight, so he's fixed it so that when I get up in the middle of the night to go to the bathroom.... POOF.....the light goes on, then....POOF....the light goes off when I'm done.

Later in the day, the doctor calls George's wife. "I'm in awe of George's relationship with God," he says. "Is it true that he gets up during the night and...POOF...the light goes on in the bathroom, and then....POOF...the light goes off?"

George's wife sighs. "No," she says. "It means he's peeing in the refrigerator again."

PSYCHIC

A Psychic tells a frog, "You will meet a pretty young woman who will want to know everything about you." "Great!" says the frog. "Will I meet her at a party?" "No. Next term, in biology class."

FACTS ABOUT YOUR MONEY....

- U.S. paper money is not paper at all: Its 75% cotton and 25% linen. In Benjamin Franklin's day, people repaired torn bills with a needle and thread.
- Today, the Fed prefers to shred. Every month, the Federal Reserve Bank of Philadelphia sends 16 tons of old, cut-up cash to an energy-from-waste plant in Chester, Pennsylvania, to be burned; the resulting steam produces electricity to power homes through the Delaware Valley.
- Most paper money never sees puberty. With a life span of about 4 ½ years, the \$10 bill is our shortest-lived note. Our longest-living, the \$100 bill, lasts only 15 years.
- It takes about 4,000 double folds (first forward and then backwards) before a bill will tear. It takes far fewer folds for a snooty vending machine to reject your bill, but you can fix that by popping your Washington in the microwave for about 20 seconds to crisp it up.
- The U.S. Bureau of Engraving and Printing prints 32.2 million currency notes each day, with a face value of approximately \$907.8 million.
- Two-dollar bills are seen as a rarity, but there are more than 1.1 billion of them in circulation. You can find them at most local banks.
- The largest note ever made was the \$100,000 Gold Certificate (printed December 1934 through January 1935). The bills were used only in transactions between Federal Reserve banks and the U.S. Treasury.
- A quarter has 119 grooves around its edge; a dime has 118. The grooves were added to make it different for people to file down the edges and sell the shavings as precious metals.
- It cost more than a penny to make a penny. According to the U.S. Mint, it costs roughly 1.7 cents per coin.
- Benjamin Franklin reportedly designed the first U.S. penny, in 1787. Instead of "E Pluribus Unum," it proudly stated, "Mind Your Business."
- The bald eagle on your money may have a name. From 1830 to 1836, a certain bird swooped into Philadelphia's U.S. Mint building so often that workers named him Peter the Mint Eagle, cared for him. And allegedly used him as a model for coin engravings for year after.
