VOLUNTEER SPOTLIGHT

By Heather Flavin and Robyn Johnson

KUDOS TO DUKE JOHNSON

One of Forest Park's most treasured volunteers is Duke Johnson. Duke humbly gives countless hours of his time for the betterment of our park. You're apt to see him plugging away at his outdoor office in the RV park. He always has a friendly hello, and his good sense of humor easily blends in with the conversation.

Duke grew up on a dairy farm in a small rural town called Luck, in western Wisconsin. He was one of nine children.

Duke joined the Airforce in 1965, two weeks before his 18th birthday. He worked as a flight line crew chief on fighter jets. He was ranked Airman 1st when he was honorably discharged in 1969. During that time, he spent one year in Southeast Asia.

After leaving the military he returned home and started his career as a semi driver. First hauling milk for Land O Lakes, then hauling cars for Ford. After that he started driving over the road from coast to coast for various companies. Many times, when not in school, his daughter Lauri would ride along with him. In January of 1985, his bride-to-be, Robyn, joined him and helped him drive the big rig. On a stop in Las Vegas, they stopped and got married on February 28th, 1985. They did these road trips together for 4 years until Duke found a local job where he was home more.

Duke continued driving semi until retiring in 2014 after 44 years. Duke and Robyn retired to Forest Park in August 2014. It was time to escape the cold Wisconsin winters.

Duke likes to keep busy, so he started mowing a few of the neighbors' lawns. Around 2018, the Social Club needed someone to help cut up the aluminum that gets recycled in the park and he continues doing that. He has helped crush cans in the past and during the summer you can see the Johnsons picking up cans on Monday evenings while the Parsels get a break, or patrolling the park on a monthly basis. He takes it upon himself to lock up or unlock the R/V gate as needed, trim the common area in the RV park, or wherever he might see needs trimming. The list is too long to mention everything he does. Duke's also been known to pull a few practical jokes, so beware – LOL

Here's what some appreciative residents of Forest Park had to say about Duke:

"Duke Johnson has been retired for quite a while now, or HAS HE????? Forest Park is very fortunate to have an asset like Duke. Duke is a man who is willing to help anyone with his gracious smile and personality. I go up to the RV section quite often and what a joy to say Good Morning as I see him working diligently as a volunteer for Forest Park. Thank you, Duke Johnson, for all that you do for our park." Gloria Restko

"Duke, single handedly cleared the back fence of the RV park in the heat of the day. He had to throw all the brush over the fence before loading onto a small trailer to haul it to the horticulture trailer. — Duke reports to work as a volunteer nearly every day. He takes care of our aluminum recycling. If he sees something that needs to be done, he does something." Barry Simes

"Duke Johnson is such a hard worker. I see him out in the summer heat cutting aluminum to raise money for the park. He always has a smile for everyone. Thank you, Duke, for all you do here in the park, your hard work doesn't go unnoticed." Lucinda King

"I know Duke donates his time on the can recycling, quietly, constantly giving back to the park. He and Robyn help with the RV park when things are left open, etc... He also probably won't admit it, but he has a soft spot for cats. He is a veteran and so much more. He is genuinely

a good guy." Jane Cullin

"As long as I have known Duke, he's a working machine, doing the aluminum, hauling it to the scrap yard, he is a true asset to Forest Park." Bob Bagge

"Duke and Robyn have old school values. They are both positive members of the park. Living alone is so hard. Duke has been able to help me many times. Priceless help with a smile. We need more Dukes in this world." Pam Salk

PRIDE OF OWNERSHIP AWARD WINNERS

By Forest Park Compliance Committee
September Winners

Steve Forrester and Paula Eisele
Forest Park Drive

Ben and Donna Sisto
Hollyberry Court

In the spirit of recognizing how far we have come and encouraging each other, we will highlight Forest Park homes displaying “Pride of Ownership.” Look for a photo in the newsletter and a sign in the owner’s yard. And don’t forget to compliment the homeowners on their beautiful home or home improvements.

The rest of us benefit not only by having our neighborhood improved, but we can also get ideas for our own homes from what others have done to enhance their property.

COMPLIANCE COMMITTEE REPORT FP DOCUMENT SPOTLIGHT

It was brought to the attention of the compliance committee that some residents are not familiar with the Deed of Restrictions or the Rules and Regulations for Forest Park. We will highlight a section of our documents here to help residents know and understand our governing documents.

So many times you hear or read of the C.C. & R’s when in reference to an HOA. What do these initials refer to? At the top of Page 1 of the DEED OF RESTRICTIONS Forest Park Property Owners Association is the heading:

DECLARATION OF CONDITIONS, COVENANTS, CHARGES, RESTRICTIONS AND RESERVATIONS AFFECTING PROPERTY LOCATED IN FOREST PARK

Everyone who resides in Forest Park as a home owner or a renter, by affixing their signature, has agreed to abide by the **C.C. & R’s, ByLaws, Rules and Regulations**. It is a good idea to refresh your memory on the contents of these documents periodically. We will be having new residents arriving in a couple months and we want our park to be looking great.

If anyone has any questions or concerns about this, please contact the office, a member of the Board of Directors, or a Compliance Committee member.

"Don't Shoot the Messenger"

The Compliance Committee is made up of volunteer homeowners, who are responsible for ensuring residents adhere to the community's governing documents such as C.C. & R’s, Bylaws, Rules and Regulations. This committee helps maintain property values and a harmonious living environment by addressing violations of these rules. When you decide to purchase or rent, in an HOA COMMUNITY, you are essentially agreeing to abide by all of these rules. Receiving a letter, or a visit in person is NOT a personal attack on anyone. These rules were not made for one person. They are for all who reside in Forest Park. MOST of you have been very pleasant to deal with, which is greatly appreciated. Residents are only being asked to do what you already agreed to do. We are always open to conversation if an issue on your home or property can't be resolved right away. We have seen a HUGE improvement in lawns getting done in a more timely manner, and carports are being constructed. We still have a ways to go, such as weeds, dead trees, limbs, and a few unmaintained homes, but we are getting closer with each passing month. Keep it up Forest Park!

Patriot Day - A Day To Remember
Short Picture Presentation To Music
Thursday, September 11, 2025
4:00 P.M. In The Clubhouse

September 11, 2001, is a day that changed our country forever. On that morning, four planes were hijacked by terrorists. Two of them crashed into the Twin Towers in New York City. One hit the Pentagon in Washington, D.C. The fourth crashed in a field in Pennsylvania, after brave passengers tried to stop the attackers.

That day, nearly 3,000 people died. Among them were everyday people just going to work or flying home. But many were heroes—343 firefighters, 60 police officers, and 8 paramedics gave their lives trying to save others. They ran into danger while everyone else was trying to get out. Their bravery will never be forgotten.

Each year on Patriot Day, we take time to remember the people we lost. We honor the heroes who showed what true courage looks like. We come together as a nation to say, "We remember. We care. We stand strong."

Let us never forget the power of kindness, courage, and unity. Please join us!

FROM THE PRESIDENT
By Chris Tybor

Hello Forest Park,

I hope your summer has been going well for all. I can't believe how fast this year is passing. I say, as many do, the older we get, time seems to pass by quicker. Just a few reminders to all still in the park, let's try to get along a little better. I know it's hot and tempers can fly a little faster, but let's ask ourselves, would we like to be treated as we may be treating others around us. Let's try to follow the rules in the park, and treat each other with respect. The board is not here to referee arguments, so let's follow the rules and regulations set, and respect everyone here in our Paradise.

Have a great rest of your Summer.

Chris Tybor

SOME THINGS ABOUT SEPTEMBER

By Kathy Revels

September is considered to be the beginning of the slide into autumn. Children are back to school, gardens are harvested, evenings are a little cooler. Snow birds are making plans for their journey back to Forest Park.

Labor Day, which falls on the 1st this year, is the final long weekend for families to enjoy camping, boating, and mini vacations. "Observing the first Monday in September, Labor Day is an annual celebration of the social and economic achievements of American workers. The holiday is rooted in the late nineteenth century, when labor activists pushed for a federal holiday to recognize the many contributions workers have made to America's strength, prosperity, and well-being." (Department of Labor) This is a day recognizing all of the worker bees, often unseen and unacknowledged, but essential to us all.

Other days of note in September include Grandparents Day on the 7th, Patriot Day on the 11th, Talk Like a Pirate Day on the 19th and Punctuation Day on the 24th. Constitution Day, celebrating the adoption of the Constitution of the United States in 1787 is on the 17th. September is National Happy Cat Month, so give your favorite feline some extra love this month.

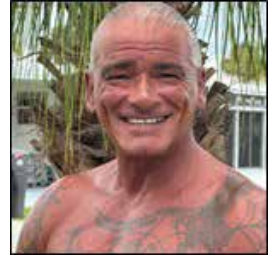

Those of us from the northern states are fortunate to have the option to (try to) grow an apple tree. A favorite fall pastime is a visit to a local apple orchard. These venues offer an opportunity to pick your own apples, take a hayride, wander through a corn maze, and finish off with an apple pie or an apple fritter. Most make their own cider, and some allow you to watch it being made.

Summer can be a hectic time of going and doing and visiting and discovering new things. September is a time of returning to routine. Many tourist towns slow down as children return to school. Some areas enjoy fall or winter tourism, but September is an in-between month.

Here in Forest Park September is still very warm and summery. It's still a quiet time before the "season" begins and snow birds return. Life is slower and quieter as many clubs are still on summer break. October is just around the corner, though, and will be here before we know it.

WOOF, WAG, & WIGGLE

By Paula Batson

MITCHELL

This month's dog is a very familiar face around Forest Park. "Mitchell" is absolutely, one of the cutest dogs ever! This 9 year old Terrier mix can be found strolling around Knotty Pine with his mom Lucinda Chisholm Hardy King several times a day and on his golf cart rides.

Mitchell (fondly nicknamed Bubba) like many of our dogs, was saved by a rescue group in Tulsa, Oklahoma. Now 10 years old, he spent most of his life as an outside backyard dog with very little socializing and living an unkind existence. Thankfully after years of neglect his neighbor, who worked at the rescue, spoke with Mitchell's previous owner and expressed an interest in taking the dog from him after another very significant storm came through the town. It had left Mitchell fending for himself outside and surviving. While speaking with him, the owner abruptly reached down, picked up

Mitchell and handed him over the fence to the rescue lady. Finally, Mitchell was saved. The neighbor fostered him for a while herself, until he was deemed adoptable. Fast Forward to 2020 during a Pet Smart adoption day, Lucinda saw Mitchell's picture on Social Media. He was still recovering from baldness from fleas and needed a lot of TLC to overcome all the years of neglect he endured. This time, he could not have landed in a better home. Lucinda was able to adopt him that day.

Although Mitchell is still slow to warm up to new dogs and (sometimes) people, once you're a friend, the joy on his face shines. You might even get a minute or two of doggy playtime. The past is not always the easiest to

forget, so Mitchell was not taught a lot of the normal things other dogs were taught or encouraged in his old life. He is not interested in toys, but petting and laying in his bed are his favorite things. He is a loyal boy who loves his mom tremendously and he goes everywhere with her.

Hearing his story today, I realized how resilient this little guy is. I'm sure he is thankful for his new life here in Forest Park. Mitchell is just a gem, and you can't help but smile and say his name every time you see him.

NEIGHBORHOOD WATCH/NIGHT PATROL

By Gloria Restko

ATTENTION: EVERYONE!!

Forest Park is especially vulnerable to criminal activity during the summer months. Did you know that less than 30% of our

homes are occupied from May through September? We currently have openings for volunteers to patrol our streets on the first, second and fourth Sunday nights, every Tuesday and Thursday night, the first Wednesday night, the first and fourth Friday night, and the third Saturday night.

We would like to see more volunteers for the night patrol come on board. As our faithful winter residents return from up North, we are in **DESPERATE** need of more night patrol volunteers to keep Forest Park safe from intruders.

THANK YOU TO ALL OUR RESIDENTS FOR VOLUNTEERING

EDITOR THOUGHTS

By Monte Johnson

It seems my body is falling apart. I'm sure I'm not the exception. After all, I turned seventy two in July. I just don't understand how I became so old, so fast. I can remember a great uncle saying if he had known he was going to live this long he would have taken better care of himself. But then he was a functioning alcoholic who, after receiving a compliment about how great he looked from an acquaintance he hadn't seen for many years, said "I should look good, I've been pickled for the last fifty years."

While it has been quite a few years since I've been "pickled", maybe I should have. I seem to be paying for the indiscretions of my younger years. It seems the "ritis" brothers have caught up to me. Arthur seems to be the worst. The x-rays on my spine reveal that Arthur-Itis has taken up residence on the tips of my vertebrae. When I bend over, either my arms are getting shorter, or my back doesn't bend like it used to. Could be from carrying five gallon buckets of feed, across the farm yard to feed the

pigs, or carrying/dragging four bales of hay, two in each hand, across the barn yard to feed the cows. Probably why my knees became bone-on-bone several years ago as well.

Now, after having a total left knee replaced (TKR) seven years ago, and being told for the last three years that my right knee needs to be replaced because it is also bone on bone, my left knee has been filling up with fluid. So after having had it drained four times in the last five months, I have a "revision" scheduled for September 3rd. The plan is to make an incision to remove a thin plate from under my knee cap and insert a thicker plate, that is if everything else looks good. Did you know that YouTube has a complete video on how a knee "revision" is done? I watched a video of a TKR before my first replacement. I wouldn't advise watching it if you have a weak stomach, but I wanted to know just what all they do. This is a much more involved surgery so you have probably seen me with a walker lately, if you've seen me out and about at all.

We are lucky to live at a time when modern medicine has allowed us to have organs removed that we can live without, repair torn ligaments or bypass arteries arthroscopically, and replace parts that were once irreplaceable. Now I've lived long enough to have my replaceable parts replaced for a second time. So maybe this getting older has some benefits after all.

JACK GLOVER**October 21, 1933 ~ JULY 19, 2025**

Jack was born on his eighty acre family farm in rural Putnamville, Indiana on October 21, 1933 to Claude and Reggie (Williams) Glover. Having an older brother and sister, Jack was number three in a family of three boys and one girl. Jack grew up helping on the family farm, milking fifteen cows by hand, feeding the chickens and pigs.

Jack graduated from Greencastle High School in 1951 and at the age of 18, enlisted in the United States Air Force. Jack served in the Air Force for 23 years, from 1952 to 1975, achieving the rank of Chief Master Sergeant E9. This is the highest rank an enlisted person may achieve in the Air Force, with only 5% of enlisted people achieving this rank.

During his career as a gunner, Jack flew in B-26's, B-29's, B-52's, and B-66 bombers. Jack's first ten years in the Air Force were spent in the Tactical Air Command completing a total of 72 bombing missions over Korea and Vietnam combined. Jack's last thirteen years in the Air Force were spent in the Strategic Air Command. This was during the Cold War with the Soviet Union. He flew over one thousand hours in the B-52. An eight engine, jet bomber, fully loaded with bombs and ammunition circling the North Pole on 24 consecutive hour missions. This was spent uncomfortably in full gear, including a parachute, strapped in his seat observing the Soviet Union. Sometimes the heater didn't work during the winter and the temperatures were below zero. Jack never talked about his service to his country. It took over a year to convince him to go on the S.W. Florida Honor Flight in April. Upon his return, Jack commented that next to the birth of his children, it had been the greatest day of his life. He told any veteran who would listen, that they needed to go on the honor flight.

Jack married Marietta Sanford from Greencastle, Ind. in 1957 and they had four children. Three sons, Michael, Timothy, Daughter Beth, and Shawn. Marietta passed away from cancer in 2005.

Jack loved to travel and see the world. Michael was born in England where Jack adapted to the British way of life. While stationed in Michigan, Jack would spray water in the winter to create ice rinks for the kids to play hockey and skate. He also loved to snowmobile, taking the kids on rides or riding the drifts and snow trails. Family was very important to him while stationed in the states. Christmas meant all the aunts, uncles, and cousins would come for a huge dinner. Later,

while stationed in Louisiana, Jack was able to relish his love of horses by managing a riding stable. Saddling up the horses to go trail riding. Jack also loved to scuba dive and film his many hours of underwater adventures.

Jack was a skilled carpenter. Prior to retirement, they purchased an acreage near Greencastle where Jack built a barn for his horses, and over a period of a couple of years, a house for his family. Jack took great pride in always having a huge garden and flower bed. It was the talk of Greencastle.

After his retirement from the Air Force, he worked the next 13 years for the Social Services Administration helping disadvantaged people secure training and/or employment. Jack then retired from government employment at the age of 55 and became a real estate agent, selling real estate in Indiana. During this time he put his carpentry skills to work by purchasing houses to fix up and resell. Jack finally retired for good at the age of 73. Jack married Judy Mc Dowell from Terre Haute, Ind. in 2012, and they purchased their home in 2013 at 5130 Forest Park Drive in North Fort Myers. Judy passed away from cancer in 2014.

Jack was a humble, private, quiet man that enjoyed his morning walks, tending to his flowers, sitting on his porch watching the traffic, or visiting with his many friends and neighbors that would stop in. Jack's porch was the gathering place on Forest Park Drive. Jack stayed involved in Forest Park, attending the board of directors meetings, association meetings, and serving on various committees over the years. Jack volunteered in the Park as an aluminum can crusher on Tuesday mornings, right up until his health began to fail.

Jack was preceded in death by his parents, his brother, Bob and wife Joette Glover and sister, Joann (Glover) Gabes and husband Wayne; his wives, Marietta and Judy, and his infant son Timothy.

Jack is survived by his brother, Dick (Donna) of Corydon, Indiana, his son Michael C. Glover of Greencastle, Indiana, daughter Beth Ann, (John Little) of North Fort Myers, son Shawn L. Glover of North Fort Myers, Florida, and three step children. Jack is also survived by six grandchildren and four great grandchildren. Lyndsey Glover, Jacob Gaston, Emily (Gaston) Delaney, Jessie Glover, Joshua Gaston, and Alex Gaston, all of Greencastle, Indiana. Great grandchildren Devin, Tyler, Miles, and Audrey, along with many nieces and nephews. Jack was a very loving husband, father, grandfather, and a great friend to many.

Jack's body was cremated and his ashes will be returned to Indiana for a Celebration of Life in September. A Celebration of Life for Jack's Florida friends is planned for a later date in January of 2026. Memorials may be directed to Shawn Glover, 5130 Forest Park Drive, North Fort Myers, Florida, 33917.

The Porch

By Paula Batson

If you have been out and about in Forest Park the last 12 plus years, chances are you knew Jack Glover. He was the first friendly face I ever saw here after moving into our community. We always said good morning to each other with a wave and a smile. Over time, I became very aware that Jack's porch was a park favorite. Each and every day various people could be found sharing life stories, laughs and (I'm sure) occasionally a tear or two.

For me, personally, after a couple weeks I decided to stop in one day on my bike ride and take a seat, to see what Jack Glover was all about. I am so truly happy I did. Immediately, Jack and I had a great connection. As the months went on, our friendship grew. It became a weekly routine for me to swing by and spend some time with this amazing man. I loved to hear all of his stories and to find out about his life and family. He loved for me to tell him my crazy stories and to keep him updated on what was going on in the park.

We shared so many laughs on that porch, and my smart mouth (lol) was embraced by Jack, which is not so common. He allowed me to be myself without judgment which was so appreciated as we all are different people. Jack was a kind and honorable man that loved this country and deserved the utmost respect for his service. He loved to have dogs visit his porch, petting them for hours, offering a drink and a Milkbone. Through our conversations, I learned his porch was a place where anyone could just sit down and enjoy someone else's company at any time. Jack's best lesson was he showed me that we should all slow down and make time for others because life is so short and each day is a gift. And I will continue to do that.

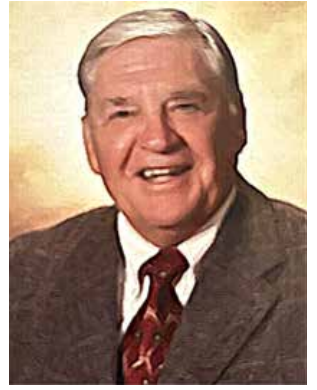

Today, The Porch sadly is empty from Jack's presence. Every memory will be treasured by anyone who has taken a seat on Jack's Porch. I wish, like many of you will, that I could have known him longer. But I'm beyond blessed to have shared the last year with him. This park will not be the same, and that porch will never be the same. Jack was just one of those special people you can only hope to meet in your life. As I rode by this morning, I finally smiled when I thought of him instead of crying. So many great memories came flooding back to me. I will never forget him and I hope that many of you can remember Jack like I did. Just a great human being that will be truly missed.

And a PORCH that will always be a reminder of why we are all here on earth.

Norm had a breakfast club with a select few friends who were invited to Athenians, Biggies, or Jax. He and Brenda would pick us up on Saturday morning at 9 am.
